Here's the Scoop...

Please work on addresses & review phone numbers

We are asking everyone to please help teach their child their home address. We will be working on addresses in class, however the extra help at home is very beneficial. It is an important safety skill for children to know their address, phone number, as well as parents full names!

Fun Visits

We will be having a yoga instructor teach us yoga on Wednesday Feb. 20 and a dental visit on Wednesday Feb. 27. We have a dental hygienist coming in to talk to the children about dental health. We will learn the proper way to brush teeth and even what food is good for our teeth and what food is bad for our teeth. Please send your child to school in comfortable clothes for yoga.

Valentine's Day Celebration Wednesday February 13th

Feb. 13 we invite parents to join us for a Valentine's Day Ice Cream Social starting about 9:15am. You will be able to assist your child in passing out their valentines followed by an ice cream social. **Please note we cannot accept or pass out Valentine's with any candy** and limit **non-edible items to one per child**. No goody bags can be passed out. We ask that children sign their name to valentines but not put classmates names on them. It is easier for children to just put one in each valentine bag instead of match names to the correct bags. We have 16 students in our class.

Healthy Habits Day is Friday February 22nd

*Please send in a sandwich size bag of your child's favorite fruit!

Healthy habits are important even in young children! We will be discussing some important habits as well as doing fun exercises. Please send children to school in gym shoes and easy to move around in clothing! We will also be sending home a healthy habits chart to complete at home and return the following Friday 3/1.
